

RESOLUTION NO. 2024- 31 - 0422

**A RESOLUTION OF THE TOWN OF ANTHONY, TEXAS,
ADOPTING THE TOWN'S INVESTMENT POLICY AND STRATEGY
FOR FISCAL YEAR 2024 AS REQUIRED BY SECTION 2256.00S(e),
TEXAS GOVERNMENT CODE**

WHEREAS, Section 2256.005 (a) of the Texas Government Code requires each governing body of an investing entity to adopt a written Investment Policy and Strategy; and

WHEREAS, Section 2256.005 (e) of the Texas Government Code requires that the Investment Policy and Strategy be reviewed by the governing body not less than annually and shall adopt a written instrument stating that it has reviewed the Investment Policy and Strategy and that the written instrument so adopted shall record any changes made to either the Investment Policy or Investment Strategies;

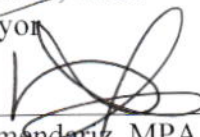

NOW THEREFORE BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF ANTHONY, TEXAS:

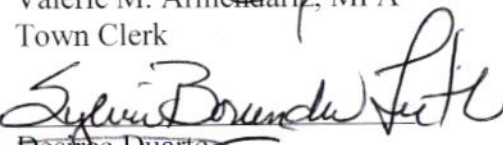

The Town Council reviewed the Investment Policy and Strategy of the Town of Anthony at the regularly scheduled Town Council Meeting on April 22, 2024; and

The Town Council hereby adopts the Investment Policy and Strategy attached hereto as Exhibit A.

SIGNED AND APPROVED ON APRIL 22, 2024

Anthony D. Turner, MPH
Honorable Mayor

Valerie M. Armendariz, MPA
Town Clerk

Desiree Duarte
Assistant Town Attorney

Council Seat 1 Alicia Stevens yes
Council Seat 2 Shawn Weeks yes
Council Seat 5 Eduardo Chavez yes
Council Seat 3 Soledad Flores yes

INVESTMENT POLICY AND STRATEGY

I. INTRODUCTION

It is the policy of the Town of Anthony, Texas that the administration of its funds and the investment of those funds shall be handled as its highest public trust. Investments shall be made in a manner which will provide the maximum security of principal while meeting the daily cash flow needs of the Town and conforming to the Public Funds Investment Act (the "Act") Texas Government Code Chapter 2256. It is the intent of the Town to be in complete compliance with local law and the Act.

The receipt of a market rate of return will be secondary to the requirements for safety and liquidity. The earnings from investment will be used in a manner that best serves the interests of the Town.

The purpose of this Policy is to set specific investment policy and strategy guidelines. Direct specific investment parameters for the investment of public funds in Texas are found in the Act. The Public Funds Collateral Act, Chapter 2257, Texas Government Code, specifies collateral requirements for all public Texas funds deposits.

II. SCOPE

This investment policy applies to all financial assets of the Town and any new funds created unless specifically exempted by the Town Council and this Policy.

III. OBJECTIVES

It is the policy of the Town that all funds shall be managed and invested with four primary objectives, listed in order of their priority: safety, liquidity, diversification and yield. Investments are to be chosen in a manner which promotes diversity. To match anticipated cash flow requirements the maximum weighted average maturity (WAM) of the overall portfolio may not exceeds 6 months.

Safety

The primary objective of the investment activity is the preservation of capital. Each investment transaction shall be conducted in a manner to avoid capital losses, whether from security defaults, safekeeping, or erosion of market value. Investments in high credit quality securities and decisions based on anticipated cash needs are primary factors in providing safety.

Liquidity

The investment portfolio shall be structured to meet all expected obligations in a timely manner. This shall be achieved by matching investment maturities with forecasted cash flow liabilities and maintaining additional liquidity for unexpected liabilities.

Diversification

The portfolio shall be diversified by institution, market sector and maturity as much as possible.

Yield

The benchmark for the commingled portfolio shall be the comparable period of *6 months* U.S. Treasury Bill, designated for its comparability to the expected average cash flow pattern and the Policy maximum weighted average maturity (WAM) limit of 6 months. The investment program shall seek to augment returns above this threshold consistent with risk limitations identified and the Town's prudent investment strategy.

Cash management is the process of managing funds in order to insure maximum cash availability and reasonable yield on short-term investments. The Town shall strive for a cash management program which includes timely collection of accounts receivable, vendor payments in accordance with invoice terms, and prudent investment of assets.

IV. INVESTMENT STRATEGY

The Town may maintain one commingled portfolio for investment purposes which incorporates the specific uses and the unique characteristics of the funds in the portfolio. The investment strategy has as its primary objective assurance that anticipated liabilities are matched and adequate investment liquidity provided. The Town shall pursue a conservative portfolio management strategy based on a buy-and-hold philosophy. This may be accomplished by creating a ladder maturity structure with some extension for yield enhancement. The maximum maturity of any security will be *two years* and the maximum dollar weighted average maturity of *6 months* or less will be calculated using the stated final maturity date of each security.

The investment strategy for debt service funds shall have as its primary objective the timely payment of debt service obligations. Successive debt service dates will be fully funded before any investment extensions are made.

V. DELEGATION OF RESPONSIBILITY

No unauthorized person may engage in an investment transaction and all transactions shall be executed as provided under the terms of this Policy and its supporting procedures.

Investment Officer(s)

The Accounting Manager, Town Clerk and Chief of Police will be designated as Investment Officers, by Town Council resolution, responsible for investment decisions and activities. The Investment Officer(s) are responsible for creating and maintaining the portfolio in accordance with this Policy, providing timely quarterly reporting to the Council, and establishing supporting procedures. The Town may further contract with an SEC registered investment adviser for non-discretionary management of the portfolio.

All investment officers shall attend at least ten (10) hours of training, from sources approved by the Town Council, within twelve months of designation as investment officer and shall attend eight (8) hours of training every two successive fiscal years.

Investment Officers shall refrain from personal and business activity that could conflict with proper execution of the investment program or which could impair their ability to make impartial investment decisions. Disclosure shall be made to the Town Manager. An Investment Officer who has a personal business relationship within the two levels of blood or marriage with an organization seeking to sell an investment to the Town who meets the parameters established in the Act, shall file a statement disclosing that relationship to the Town Council and the Texas Ethics Commission.

Town Council Responsibilities

The Town Council holds ultimate fiduciary responsibility for the portfolio. It will designate investment officer(s), receive, and review quarterly reporting, approve and provide for investment officer training, annually approve broker/dealers, and annually review and adopt the Investment Policy and Strategy.

VI. PRUDENCE AND CONTROLS

The standard of prudence to be applied to all Town investments shall be the "prudent person" rule, which states:

"Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."

In determining whether an investment officer has exercised prudence with respect to an investment decision, the determination shall be made taking into consideration the investment of all funds under the Town's control over which the officer has responsibility rather than a consideration as to the prudence of a single investment.

The Investment Officer, acting in accordance with written procedures and exercising due diligence, shall be responsible but not liable for a specific security's credit risk or market price changes, provided that these deviations are reported immediately, and that appropriate action is taken to control adverse developments.

Internal Controls

The Investment Officer is responsible for establishing and maintaining internal controls to reasonably assure that assets are protected from loss, theft, or misuse. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and, the valuation of costs and benefits requires ongoing estimates and judgments by management.

The internal controls shall address the following points at a minimum:

- Control of collusion,
- Separation of transaction authority from accounting and record keeping,
- Safekeeping of owned and pledged securities,
- Clear delegation of authority,
- Written confirmation for all transactions, and
- Review, maintenance, and monitoring of security procedures both manual and automated.

Annually the Investment Officer shall perform an internal compliance audit to assure compliance with requirements of this Policy and the Act. Annually, the Town's external auditor shall review the quarterly reports.

Cash Flow Forecasting

Cash flow forecasting is designed to protect and sustain the cash flow requirements of the Town. The Investment Officer will analyze needs and maintain a cash flow plan to monitor and forecast cash positions for investment purposes.

Competitive Bidding

All security transactions will be made on documented competitive bid basis to assure the Town is receiving the best available market rates. When-issued US agency securities should be compared to other securities available in the secondary market to determine competitiveness.

Monitoring Credit Ratings

The Act requires that securities requiring a specific credit rating must be liquidated if the rating falls below the minimum rating. The Investment Officer shall monitor, on no less than a monthly basis, the credit rating on all authorized investments in the portfolio for which the policy requires a credit rating. The rating should be based upon independent information from a nationally recognized rating agency. If any security falls below the minimum rating required by Policy, the Investment Officer shall notify the Mayor of the loss of rating, and liquidation options within two days.

Monitoring FDIC Status for Mergers and Acquisitions

A merger or acquisition of brokered CDs into one bank reduces FDIC coverage. The Investment Officer shall monitor, on no less than a weekly basis, the status and ownership of all banks issuing brokered CD securities owned by the Town based upon information from the FDIC (fdic.gov). If any bank has been acquired or merged with another bank in which brokered CDs are owned by the Town, the Investment Officer or Adviser shall immediately liquidate any brokered CD which places the Town above the FDIC insurance level.

VII. AUTHORIZED INVESTMENTS

Assets of the Town may be invested only in the following instruments as further defined by the Act. If changes are made to the Act they will not be authorized until this Policy is modified and adopted by the Town Council. All investment transactions will be made on a competitive basis.

- A. Obligations of the United States Government, its agencies and instrumentalities with a maximum stated maturity of *2 years* excluding mortgage backed securities.
- B. Fully insured or collateralized depository certificates of deposit from banks in Texas, with a maximum maturity of *two years* insured by the Federal Deposit Insurance Corporation, or its successor, or collateralized in accordance with this Policy.
- C. AAA-rated, Texas Local Government Investment Pools which strive to maintain a \$1 net asset value (NAV) AND as defined by the Act and authorized by resolution of the Town Council.
- D. AAA-rated, SEC registered money market mutual funds in compliance with SEC Rule 2a-7 and striving to maintain a \$1 net asset value.
- E. FDIC insured, brokered certificates of deposit securities from a bank in any US state, delivered versus payment (DVP) to the Town's safekeeping agent, not to exceed *12 months* to maturity. Before purchase, the Investment Officer must verify the FDIC status of the bank on www.fdic.gov to assure that the bank is FDIC insured.
- F. FDIC insured or collateralized interest bearing and money market accounts from any FDIC insured bank in Texas.
- G. Share certificates from credit unions doing business in Texas which are fully insured by the National Credit Union Share Insurance Fund and with a maximum stated maturity of *12 months*.
- H. General debt obligations of any US state or political subdivision rated A or better with a stated maturity not to exceed *one year*.

Delivery versus Payment

All securities shall be purchased on a delivery versus payment (DVP) settlement basis. Funds shall not be released until receipt of the security by the Town's approved safekeeping depository. The depository shall provide the Town with proof of ownership or claim by an original document delivered to the Town.

VIII. REPORTING

Quarterly Reporting

The Investment Officers shall prepare and submit a signed quarterly investment report to the Town Council in accordance with the Act giving detail information on each portfolio and bank position and summary information to permit an informed outside reader to evaluate the performance of the investment program. The report will include the following at a minimum:

- A full description of each individual security or bank/pool position held at the end of the reporting period including the amortized book and market value at the beginning and end of the period,
- Unrealized gains or losses (book value minus market value),
- Overall change in market value during the period as a measure of volatility,
- Weighted average yield of the portfolio and its applicable benchmarks,
- Earnings for the period (accrued interest plus accretion minus amortization),
- Allocation analysis of the total portfolio by market sector and maturity, and
- Statement of compliance of the investment portfolio with the Act and the Investment Policy signed by the Investment Officer(s).

Market prices for the calculation of market value will be obtained from independent sources.

IX. FINANCIAL COUNTER-PARTIES

Depository

At least every five years, a banking services depository shall be selected through a competitive request for proposal [application] or bid process in accordance with the Texas Government Code 105. In selecting a depository, the services, cost of services, credit worthiness, earnings potential, and collateralization by the institutions shall be considered. If securities require safekeeping, the RFP/bid will request information on safekeeping services. The depository contract will provide for collateral if balances exceed the FDIC insurance balance per tax identification number.

All time and demand deposits in any depository of the Town shall be insured or collateralized at all times in accordance with this Policy.

Other banking institutions, from which the Town may purchase certificates of deposit or place interest bearing accounts, will also be designated as a depository for depository/collateral purposes. All depositories will execute a depository agreement and have the Bank's Board or Bank Loan Committee pass a resolution approving the agreement if collateral is required.

Security Broker/Dealers

All broker/dealers who desire to transact business with the Town must supply the following documents to the Investments Officer(s).

- Financial Industry Regulatory Authority (FINRA) certification and CRD #
- proof of Texas State Securities registration

Each broker/dealer will be sent a copy of the Town's investment policy. If material changes are made to the policy, the new policy will be sent to the broker/dealer.

Each local government pool must be provided a copy of the Town's current Investment Policy and certify to a review of the Policy stating that the pool has controls in place to assure only Policy approved investments will be sold to the Town.

A list of qualified broker/dealers will be reviewed and approved at least annually by the Town Council. In order to perfect the DVP process the banking services depository, or its brokerage subsidiary, will not be used as a broker.

XI. COLLATERAL

Time and Demand Deposits Pledged Collateral

All bank time and demand deposits shall be collateralized above the FDIC coverage by pledged collateral. In order to anticipate market changes and provide a level of security for all funds, collateral will be maintained and monitored by the pledging depository at a market value of 102% of the deposited principal and accrued interest on the deposits. The bank shall monitor and maintain the margins on a daily basis.

Collateral pledged to secure deposits shall be held by an independent financial institution outside the holding company of the depository. If required, the collateral agreement with the depository shall be approved by resolution of the Bank Board or Bank Loan Committee. The Custodian or bank shall provide a monthly report of collateral directly to the Town.

All collateral shall be subject to inspection and audit by the Town or its independent auditors.

Authorized Collateral

Only the following securities are authorized as collateral for time and demand deposits or repurchase agreements:

- A. FDIC insurance coverage.
- B. Obligations of the United States, its agencies or instrumentalities, or evidence of indebtedness of the United States guaranteed as to principal and interest including MBS and CMO which pass the bank test.
- C. Obligations of any US state or of a county, Town or other political subdivision of any state having been rated as investment grade (investment rating no less than "A" or its equivalent) by two nationally recognized rating agencies.
- D. Letter of Credit from the FHLB.

Preference will be given to pledged collateral securities.

XI. SAFEKEEPING

All purchased securities are to be cleared to the Town's safekeeping agent on a delivery versus payment (DVP) basis. All safekeeping arrangements shall be approved by the Investment Officer and an agreement of the terms executed in writing. The independent third party safekeeping agent shall be required to issue safekeeping receipts to the Town listing each specific security, rate, description, maturity, cusip number, and other pertinent information.

XII. INVESTMENT POLICY ADOPTION

The Town's Investment Policy shall be reviewed and adopted by resolution of the Town Council no less than annually. Any changes made to the Policy must be noted in the adopting resolution.
